1 BACKGROUND AND PURPOSE OF THIS POLICY

Experience Co Limited (Group or the Company) has adopted this Securities Trading Policy (the Policy) for the purposes of the ASX Listing Rules. The Policy forms part of the Group's corporate governance policies.

The purpose of the Policy is to:

- (a) provide a brief and high level summary of the law of insider trading (Section 5);
- (b) set out the restrictions on trading in Group Securities by people who work for, or are associated with, the Group (Section 7 and 8); and
- (c) assist in maintaining market confidence in the integrity of dealings in Group Securities.

A copy of this Policy will be made available to all Group Personnel. Any queries regarding its operation should be directed to the Company Secretary in the first instance.

2 GROUP PERSONNEL

The Policy applies to and imposes constraints on:

- (a) all full time, part time and casual employees, and contractors; and
- (b) Directors (executive, non-executive and alternate), the Managing Director, the Chief Executive Officer, the Chief Financial Officer, and senior executives reporting to any of them, including the Chief Marketing Officer, the Company Secretary, General Counsel and other employees nominated by the MD/CEO because their duties are considered to provide access to insider information (Key Management Personnel),
of the Group and all Group companies (together Group Personnel).

3 SECURITIES COVERED BY THIS POLICY

3.1 Securities

The Policy applies to the following securities:

- (a) Group shares;
- (b) Group options and performance rights;
- (c) derivatives (such as exchange-traded options and warrants) of any of the above and other financial products issued by third parties in relation to Group securities; and
- (d) securities of any other company or entity that may be affected by inside information (such as a Group joint venture partner, another party involved in a corporate transaction with the Group or a Group contractor or shareholder) and the term securities must in those cases be read accordingly,

(together Group Securities).

3.2 Securities Under An Employee Share Plan

Group Personnel who acquire Group Securities under an equity-based incentive plan must also comply with the rules of that relevant plan when trading in those securities.

4 ACTIVITIES TO WHICH THIS POLICY APPLIES

4.1 Trading in Group Securities

For the purposes of the Policy, trading in Group's Securities includes:

- (a) buying or selling of Group Securities through on-market or off-market transaction; and
- (b) advising, procuring or encouraging another person (such as a family member, friend, associate, colleague, broker, financial planner, investment adviser, family company or family trust) to trade in Group Securities.

4.2 Communicating Information

This policy also applies to the communication of certain information relating to the Group. Communication includes passing information (either in writing or verbally) on to another person (such as a family member, friend, associate, colleague, broker, financial planner, investment adviser, family company or family trust).

4.3 Trading in Group Securities by Related Parties

This policy also applies to Group Personnel who control the trading in Group Securities. This applies even if they are not the registered holder of Group Securities. This may be for example where the Group Securities are held in a company or trust controlled by Group Personnel or held by family members or friends who act on the instructions of Group Personnel.

5 INSIDER TRADING

5.1 Overview of Insider Trading Prohibition

In broad terms, if you possess 'inside information', it is a criminal offence for you to:

- (a) trade in securities;
- (b) advise or procure another person to trade in securities; or
- (c) communicate inside information to another person knowing (or where you should have reasonably know) that the other person would, or would be likely to use that information to deal in, or procure someone else to deal in, securities. This is commonly known as "tipping".

5.2 What is Inside Information?

Inside information is information

that:

- (a) is not generally available; and

- (b) if it was generally available, would (or would be likely to) influence investors in deciding whether to buy or sell Group Securities or securities of another entity.

It does not matter how you come to have the inside information - for example, whether you learn it in the course of carrying out your responsibilities, or in passing in the corridor, or in the lift or at a social function.

The financial impact of the information is important, but strategic and other implications can be equally important in determining what amounts to inside information. The definition of "information" is broad enough to include rumours, matters of supposition, intentions of a person (including Group) and information which is not definite enough to warrant public disclosure.

5.3 Examples of Inside Information

The following list is illustrative only. Inside information about Group could include:

- (a) information relating to significant projects, contracts or tenders;
- (b) information relating to the Group's financial results or forecast results;
- (c) a possible sale or acquisition of material assets;
- (d) a possible change in the Group's capital structure;
- (e) board or senior management changes;
- (f) a proposed change in the nature of the Group's business; and
- (g) a proposed takeover or merger involving the Group.

7 PROHIBITED CONDUCT –ALL GROUP PERSONNEL

7.1 Trading while in Possession of Inside Information

7.2 Communicating Inside Information

All Group Personnel are prohibited from advising others to trade or communicate ‘inside information’ to another person knowing that the person may use the information to buy or sell or procure someone else to buy or sell, Group Securities or any other entity’s securities.

7.3 Short Term Dealing

Group Personnel must not engage in short term or speculative dealing in Group Securities (which will be determined by the Board in its discretion). Short term or speculative dealing includes buying and selling Group Securities within a three month period, and entering into other short-term dealings (for example, forward contracts).

7.4 Securities of Other Companies

The prohibition on insider trading and communicating inside information is not restricted to information affecting Group securities. If you possess inside information in relation to shares of another company or entity, you must not deal in those securities or communicate that information to a third party.

7.5 Confidential Information

Related to the above, Group Personnel have a duty of confidentiality to the Group. Accordingly, Group Personnel must not reveal any confidential information concerning the Group, use that information in any way which may damage or cause loss to the Group, or use that confidential information to gain an advantage.

8 ADDITIONALRESTRICTIONS-KEYMANAGEMENTPERSONNEL

8.1 Restrictions on Trading in Group Securities

In addition to the general trading restriction set out above in Section 7, additional restrictions on trading in Group Securities apply to Key Management Personnel.

Key Management Personnel is defined in section 2.

8.2 Closed Periods

Key Management Personnel are not permitted to trade Group Securities during the following closed periods:

- (a) between 1 December and one business day after the announcement by the Company of its half year results;
- (b) between 1 June and one business day after the announcement by the Company of its annual results; and
- (c) such other periods advised by the Chairman or the Chief Executive Officer (such as prior to the announcement to ASX of a significant matter or event).

The Company Secretary will inform the Key Management Personnel of the beginning and end of each closed period.

8.3 Exceptional Circumstances

Trading during closed periods (refer to 8.2 above) may be permitted only with prior approval of the Chairman (or in the case of the Chairman, with the approval of the Chair of the Audit & Risk Committee) (the approver), where there are exceptional circumstances (such as severe financial hardship) and the Key Management Personnel is not aware of inside information (Exceptional Circumstances Request).

The Exceptional Circumstances Request must be made in writing to the relevant approver setting out the circumstances of the proposed dealing (including an explanation as to the severe financial hardship or circumstances that are otherwise exceptional) and the reason the clearance is sought. Severe financial hardship may generally be a pressing financial commitment that cannot be satisfied otherwise than by selling the relevant securities of the entity.

Where such approval is obtained, trading must occur within ten business days (or such longer period as stated in the approval), unless otherwise advised. The Group will disclose to the market any clearance given to a Director to trade within a closed period, in accordance with notices required under Corporations Act 2001 (Cth) and ASX Listing Rules.

Key Management Personnel must also give this Exceptional Circumstances Request if they are aware that their spouse, partner, child or other immediate family member, or trust or other entity controlled by the Key Management Personnel, intends to trade in Group Securities, during a closed period.

8.4 No Hedging of Unvested Entitlements

Key Management Personnel, or a closely related party of Key Management Personnel, who participate in an Group equity-based incentive plans (for example, a share or option or performance rights plan), must not enter into any transaction which would have the effect of hedging or

otherwise transferring to any other person the risk of any fluctuation in the value of any unvested entitlement in Group Securities, or where vested but still subject to a holding lock.

An unvested entitlement is a Group Security, which is still subject to time and/or performance hurdles.

8.5 Finance Arrangement

Key Management Personnel are not permitted to enter into (directly or indirectly) a margin loan where there is a risk that Group Securities will be traded pursuant to the terms of the margin loan or other financing arrangement where security is granted over Group Securities (together a Finance Arrangement), unless they have obtained the prior written consent of the Chairman to enter into the Finance Arrangement and disclosed to the Chairman the following information regarding the Finance Arrangement (Loan Information):

- (a) key terms;
- (b) number of Group Securities involved;
- (c) the trigger points;
- (d) the right of the lender to sell the shares unilaterally; and
- (e) any other material details.

If you are the Chairman of the Group and you intend to enter into a Finance Arrangement, you must obtain the prior written consent of two of the other Directors to enter into the Finance Arrangement and disclose to those Directors the Loan Information.

The Group may, at its discretion, make any clearance conditional upon such terms and conditions as the Group sees fit (for example, with regard to the circumstances in which the Group's Securities may be sold to satisfy a margin call to prevent the Group Securities being sold within a closed period).

The Group Board will also determine whether the approved Finance Arrangement require disclosure to the ASX. The Key Management Personnel will be required to irrevocably consent to such disclosure (if made in the Board's discretion) as a condition to approval.
